One hundred and sixty alleged draft resisters were accused in a blanket indictment of conspiring to defeat the draft, which contained specific charges of firing bridges, shooting at officers and advising men of draft age not to report.

HABEAS CORPUS FOR ROVNIANEK IF EXTRADITION ORDER IS NOT ANNULLED

In the case of P. V. Rovnianek, who was spirited away from Tonopah on the morning of October 24 by two Pittsburgh officers who gave the rush act to Governor Boyle of Nevada and secured extradition papers signed by Governor Brumbaugh of Pennsylvania, the developments today are lacking in any particular feature.

Mr. Rovnianek, the prominent mining man of Orizaba, who had made his home in Nye county for the past six years, is now at the state capital under parole to State Treasurer Maley and is not confined in a jail, as he was in Tonopah and Reno without privilege of bail and not given even the right of habeas corpus.

A conference of state officials was called yesterday by Governor Boyle and the matter of annulling the extradition papers was discussed at length. "In the event that this does not take place, a petition in habeas corpus proceeding will be filed at once," said Attorney H. R. Cooke, Rovnianek's counsel, this afternoon.

Mrs. Rovnianek was in receipt this morning of a letter from her husband, of which the following is an excerpt: "This is the first free mind I have had as a free man since I left you. To describe my agony, especially last night in the dirty jail in Reno, I cannot try; it was a Godsend thought."

EIGHTH GRADERS BUY LIBERTY BONDS

The boys and girls of the eighth grade this afternoon voted to do their patriotic duty and join their elders in the purchase of Liberty Bonds.

Accordingly a committee of three boys—Leland Henderson, Roscoe Kelley and Laurence Kinella—was delegated to make a first payment on a \$50 bond.

TEUTONS WIN

(Continued from page one)

The latest drive of the French brings General Petain's army within sight of the important railway junction of Laon, the objective sought for, which now is a scant eight miles distant. Large quantities of war stores were abandoned by the enemy in their retreat and additional guns and prisoners were captured. The number of prisoners taken since the drive began now exceeds twelve thousand, more than 200 of which are officers. Two thousand of the prisoners were taken Thursday.

An indication of the rapidity with which the drive has been carried out is the total number of guns the Germans were forced to leave behind them. These amount to 120, among them several howitzers, not to mention several hundred small-caliber pieces, such as minnenwerfer and machine guns.

On the 25-mile front running from Monte Rombom to the Rainsizza plateau the battle between the Austro-German forces and the Italians apparently is growing in intensity, with the Austro-Germans the aggressors, but with the Italians stubbornly resisting everywhere.

Although the German war office asserts that gains have been made at various points along the line, the Italian official communication does not concede any losses except on the east bank of the Isonzo south of Monte Rombom. To the contrary, this communication says that on the Bainsizza plateau where the Germans had announced success, and on the west slope of Monte San Gabriele enemy attacks were repulsed and that the Italians even took several hundred prisoners.

Not alone does this German war office report assert that the Italian line barring the way to the valley of the Piave basin and to Tolmino was overrun and that positions along were captured on the Bainsizza plateau, but that large quantities of booty were taken by the Austro-Germans and that more than ten thousand prisoners fell into their hands, including divisional and brigade staffs.

While the operations on the Ypres sector of the front in Flanders continue to be carried out mainly by the artillery, with the British and French guns hurling the greater weight of metal, the Germans have launched another strong counter-attack south of the Houtholst forest where the British and French armies have joined hands. Again this attack met with repulse.

In intense air fighting Wednesday night the French airmen shot down or forced to land in a damaged condition twenty-five German planes. The retirement of the Germans on the northern Russian front continues. The enemy now is back as far as the Rodez-Turkain line, approaching the Drina river region. Behind them the Germans are destroying everything on the 15-mile front over which they are retreating.

On the Gulf of Riga the Germans have attempted a further landing.

of my Tonopah friends to think of Mr. Maley.

"All the governor's staff is with me. The governor got a flood of telegrams from the people of Tonopah and vicinity to act in my behalf.

"As the case now stands, the governor wired to Mr. Jackson, district attorney at Pittsburgh, stating that it would be a crime now to drag me up for trial and asked him to inform him at once if the proceedings could be quashed. He also wired Governor Brumbaugh of Pennsylvania, pointing out errors in the indictment, to revoke his requisition for me for my extradition. If a favorable reply comes from either this will end the case. If not, our next step is to ask for habeas corpus proceedings. I am not in custody of the officers. State Treasurer Maley and Lieutenant Governor Sullivan vouched for my presence and so I am free.

Mr. Sullivan is certainly doing all he can, also Mr. Thatcher, the attorney-general. They are all very kind. "I wish to thank all the city and county officers in Tonopah, the members of the Elks lodge, my business and social acquaintances and all others who have been so kind to me in this time of difficulties, no premonition of which ever came to me until the blow fell."

To subscribe the rest the youngsters are going to work. The boys will fix up your yard, chop wood or do any other odd job obtainable, and the girls will engage in the more feminine after-school activities.

The youngsters are very much in earnest. If you want their services, and if you want to help them in their admirable enterprise, call up the Tonopah High school.

on the Werder peninsula in order to harass the Russians' right wing, but were stopped by the Russian force. Possibly in view of the operations of German naval units at the head of the Gulf of Finland, the civil population is evacuating Kronstadt, the great Russian fortress and naval base near Petrograd.

The Russians advanced to the Riga Orei railway without discovering the withdrawing Germans.

(By Associated Press.) PETROGRAD, Oct. 26.—The Russians repulsed a German detachment on the Estonian coast and part of a German squadron, including some dreadnaughts. They are anchored in Kuivast bay, on the eastern side of Moon Island.

(By Associated Press.) WITH THE FRENCH ARMIES IN FRANCE, October 25.—Certain demoralization in the German command is shown by the contradictory orders found on prisoners taken in the Aisne drive. Today the French advance proceeded rapidly, units reaching various objectives with regularity. They found many German cannon abandoned with the breech locks gone. Dead horses, killed by German gunners, lay beside cannon.

The Germans found it impossible to move weapons over marshes adjoining the Aisne canal, over which most of the bridges have been destroyed, making artillery retreat impracticable. The demoralized prisoners seemed astounded at the vastness of their defeat.

(By Associated Press.) NEW YORK, Oct. 26.—The fact that troops of the entente allies are wearing silk as protective armor against blood poisoning from wounds, partially accounts for the huge shipment of American silk fabrics abroad since the beginning of the war, according to silk trade authorities returning from France. Heretofore destination and use of this silk has been a trade mystery.

(By Associated Press.) SPUDS GO DOWN. NEW YORK, Oct. 26.—The price of potatoes will drop here at once, it is announced by the city's recently created food aid committee. More than 300 carloads will be thrown on the market, it was stated, and consumers will have to pay only 3 cents a pound, as compared with from 4 to 5 cents today. The new price will give the retailer a profit of \$1.50 a barrel.

(By Associated Press.) CLARK TAKES IT BACK. ST. LOUIS, Mo., Oct. 26.—Speaker Champ Clark today withdrew his charge that a "ring of New York men" had been hampering the sale of Liberty Loan bonds to force a higher rate of interest for the next issue.

(By Associated Press.) MASONIC NOTICE. A called communication of Tonopah lodge No. 28, F. & A. M., will be held in Tonopah this (Friday) evening, October 26, 1917, at 7:30 o'clock. Work in the first degree. J. E. PECK, Secretary.

CRISIS IN ITALY, CABINET RESIGNS

ROME, Oct. 26.—The entire cabinet resigned here this afternoon, following a stormy session. The crisis was largely precipitated by the Radical Socialists, who have been rebellious since the great food riots in Turin several months ago, when machine guns were turned on the mobs and the barricades were smashed with bombs dropped from aeroplanes. The Socialists were accused recently by government officials of spreading sedition and of wishing to place Italy in the same impotent position that Russia is now in.

AMUSEMENTS

"THE FIGHTING TRAIL" IS HERE TODAY.

Today the much-talked-of and widely-heralded picture, "The Fighting Trail," will be shown at the Butler. It is said to be the most wonderful picture of the great outdoors ever screened. The most melodramatic photoplay ever produced. It is the story of a terrific struggle for a mineral deposit of fabulous wealth, wherein a fearless man and a heroic girl stake their lives against dual odds. Every kind of thrill and danger of the air, the land and water—is met with as the story unfolds. No trick studio photography—everything taken in the open.

William Duncan, the greatest fighting man on the screen, and Carol Holloway, whom you will call the gamiest girl, play the leading roles. You will learn to love them and admire them, and you will feel as if you know them. You can read this wonderful story every Wednesday in The Bonanza, and can see the picture every Friday, which makes the picture all the more interesting. This is the first time this has been done in Tonopah, although it is quite common with the big photoplay serials in the cities.

But this is only part of the program for today. The other feature is Charles Ray, who made such a decided hit a short time ago here in "The Clodhopper." He will appear today in "The Pinch Hitter," a baseball comedy drama, which is said to even excel "The Clodhopper," although it will be "going some" if it does. However, it is held up as his very best production, and critics from everywhere pay it the very highest tribute. It is an uproarious comedy, tense situations, showing Mr. Ray to be a world-beater of screen and diamond. A gawky youth goes to college and becomes a man's man, and a woman's, too. This eight-reel program, we claim, is one of the very best shows we have had the pleasure to present in many weeks.

FOOD UP.

(By Associated Press.) SACRAMENTO, Cal., Oct. 26.—The state today contracted for foodstuffs at prices slightly higher than a year ago. Ninety thousand pounds of butter at an average of 46 1/2 cents per pound was purchased. One million seven hundred pounds of beef at 14 1/2 cents was also bought.
